

The University of Florida has contracted with Avis to provide rental cars under the State of Florida Contract #518-020-15-1. Travelers should reserve cars through Avis, unless they are not available in the travel area. Invited speakers and other visitors to the University, who have their travel expenses paid or reimbursed by the University, should also have rental cars secured through Avis. Avis charges for business travel can be direct billed to the University, through the use of the correct documentation. Please contact your fiscal staff and we will assist in making the necessary arrangements.

Faculty and staff are also entitled to take advantage of the contracted UF rates for personal travel. You will need to provide Avis with the contract number and identification.

Reservations can be made at the Avis website: <http://www.avis.com/AvisWeb/home/AvisHome> or by calling 800-331-1212.
